The diagram illustrates a flow of information from multiple sources to a central point. On the left, several boxes represent individual sources or messages, each with a label in brackets and a name, followed by a box with a label and a date/time. These boxes are connected by lines to a central box labeled 'B7 GRG Sun Jan 22 3:30pm'. From this central box, a line extends to the right, ending at a point. The sources and their connections are as follows:

- [7] Jonathan MACBRIDE** connects to **B1 GRG Sat Jan 21, 5pm**.
- [9] Gordon SLOAN** connects to **B5**.
- [10] Ross CUNNINGHAM** connects to **B2**.
- [6] Stephen THOMAS** connects to **B2**.
- [3] Peter BUCHAN** connects to **B3 GRG Sat Jan 21 4:30pm**.
- [11] Brian CHAPMAN** connects to **B6 GRG Sun Jan 22 12:10pm**.
- [8] David MORRISON** connects to **B4**.
- [8] David MORRISON** connects to **B8**.
- BYE** connects to **B4**.

The central box **B7 GRG Sun Jan 22 3:30pm** receives input from **B1**, **B2**, **B3**, **B5**, and **B6**. A line from **B7** extends to the right, ending at a point.
